CONDITIONS OF SALE

This list cancels all prior lists, and will be effective until Fall of 1960 when new list will be issued.

We guarantee every plant to be in a healthy condition up to grade in every respect and true to name. We guarantee satisfaction. STATE INSPECTED.

We are not responsible for more than the initial cost of plants involved. All Claims must be made within 5 days after receipt of plants.

All quotations are cash and carry at the Nursery, unless otherwise specified. Minimum order \$5.00. All orders prepaid in the U.S.A. amounting to \$10.00 or more. On orders amounting to less than \$10.00, add 75 cents for packing and postage.

TERMS: — Our terms are cash unless otherwise arranged in advance. We require 25% deposit in advance on all orders. In booking orders for future shipments, we require 25% deposit with order, balance due at time of shipment.

PLANT BONUS OR DISCOUNT: — Prices on varieties listed in this price list are based on availability of our stock, and are as low as we can possibly figure them for finished quality plants. We include gift plants with your order depending on varieties and amount of order. Send us list of several varieties in order of preference and we will do our best to comply with your request.

Orders are accepted in the order received, subject to prior sales, on condition refund will be made, should the plants ordered be injured by elements beyond our control.

We grow our own plants. Ship only freshly dug plants. We guarantee good condition on arrival. Should plants arrive in bad condition, notify us at once. We do not pay transportation on replacements.

1959 INTRODUCTIONS

SUZANNE SIMON (Fay-Simon) 32" M. D. A 6" self blend of flesh melon pink with pink mid-rib on petals, and light yellow throat. By late afternoon both petal and sepal edges are of a light pink giving the whole flower a pink cast. Suzanne is sun resistant of heavy substance and smooth velvety texture. The flower is full, with wide petals that recurve gracefully. The flowers are borne on erect, heavy and strong scapes, an extended bloomer with an average of 30 buds per scape. Vigorous growth, moderate increase and proliferates. Attracted much attention in our gardens and admired by all visitors. J. C. 1958.\$25.00

FLORY'S HYBRIDS

We are very happy and feel honored to be privileged to Co-Introduce with Mr. Flory, five of his newer hybrids. We have grown these for several years and they have performed beautifully, and we do not hesitate to recommend these varieties to our friends as top varieties in their respective classes. It is our understanding that they perform equally as well in the North, with exception of "AARON EDWARD", which is somewhat tender in the extreme North.

AARON EDWARD (Flory) 36" M. Ev. This being an evergreen variety, suffered some damage in extreme north, but performs beautifully in the south. A 7" flower, very large and full with overlapping 2" petals and sepals of a rich, glowing yellow-orange color. Very good substance, fine texture and sunfast. Named for Mr. Flory's father because it was his favorite. . \$20.00

BLONDE PRINCESS (Flory) 24" M. L. Semi-Ev. Re. A 6" light tan or chamois with a hint of pink-faint wine colored halo, large yellowish green throat, splendid branching. Excellent substance, it does not flop under the most adverse weather condition. Fine for front of border, a persistent rebloomer in the south, it actually blooms all summer.\$10.00

ELEANOR ANN (Flory) 36" M. L. D. Perfect trumpet formed, ruffled flower of extra-ordinarily heavy substance - so heavy that it seems carved out of creamy yellow marble. It is sun resistant, has fine plant habit, being at its best near the end of the season; this green throat yellow self brings a touch of cool elegance to the late garden.\$20.00

1959 INTRODUCTIONS (Continued)

FLORENCE CLARY (Flory) 32" M. D. - A lovely full flower with petals and sepals overlapping and beautifully ruffled. Base color is chrome yellow with petal and sepal edges washed with cinnamon. The throat is green. It has wonderful texture, takes the sun well and is a good performer. A definite color break, admired by everyone who saw it in our garden. J. C. 1956. ----- \$25.00

JOAN DURELLE (Flory) 34" M. D. A cool yellow, green self. The green throat adds further to its refreshing color tone. Perfect candelabra branching, as many as 5 flowers may be open at one time with no appearance of crowding. It has very good substance and is sun resistant. J. C. 1956. ----- \$20.00

NORTHERN AHS MEMBERS

To those of you in the northern section of U.S.A., due to early and severe cold weather, may find it necessary to reserve your plants for spring shipment. Send us 25% deposit with your order and we will gladly reserve your order for shipment at proper time.

SLIDE RENTAL SERVICE

We have several hundred good quality slides of the better varieties of daylilies, which we will rent to any daylily Organizations or Representatives of such Organizations at \$1.00 for 30 slides plus postage.

JOIN THE HEMEROCALLIS SOCIETY

Anyone interested in daylilies should join the American Hemerocallis Society. This organization is devoted to the advancement of daylilies. The best advice from the leading hybridizers and experienced growers of daylilies is made available to the members in the form of printed bulletins issued from time to time, also attractive and informative year book is issued each year.

The dues are \$3.50 per year and should be mailed to Mrs. Olive M. Hindman, Secretary, 404 Weigle Avenue, Sebring, Florida. If you wish to send us your dues with an order we will take care of it for you, and will send a bonus of plants with your shipment.

1958 POPULARITY POLL

We are listing in this Price List the 100 daylilies, voted as the most popular by members of the American Hemerocallis Society in 1958 Popularity Poll. You will find these varieties listed for sale in this price list, identified by asterisk preceeding varieties.

HARD TO GET ITEMS

When looking for hard to get items, let us know, we may have just what you are looking for. We are growing several hundred varieties not listed in this price list, some not yet introduced.

FOREWORD

It is again our pleasure to submit our Price List for 1959, made possible by the wonderful response of our many satisfied customers throughout the United States and Canada. We are indeed grateful for the many kind letters received, praising our service, our plants and method of packing, as well as our generous plant bonus offered with each order deserving a bonus.

This year we have worked hard, trying to give our customers a short description of even the cheapest lilies. We've added hundreds of varieties to our collection including 1959 Introductions from most of the leading Hybridizers in the country, thereby, giving our customers a more complete listing of which we're very proud.

Many of you will recall the beautiful green Russell Hybrid that we and Mr. MacMillan purchased during the 1958 convention. This green beauty has proven to be an outstanding daylily and without a doubt will rank as one of the top varieties on the market when introduced. It will be introduced as soon as we build up enough stock.

After the Houston Convention we made a return trip to Russell's gardens and purchased his entire stock and exclusive rights of Fay's No. 56-59 hybrid, a melon pink blend, which we understand has Frances Fay blood line in it. We named it for one of our granddaughters "SUZANNE SIMON". It is described in detail under our 1959 Introductions. You will like this one, as it was the center of attraction in our gardens this season.

It is with deep appreciation and heartfelt thanks for your patronage that we proudly submit this, our largest listing since we've handled daylilies only.

Visitors are welcomed the year round, but we especially urge you to see our gardens May 1st, through July 15th. Our location is easy to find, just follow La. Highway 94 to our gardens, and you will find a treat in store.

In conclusion may we again thank everyone that has patronized us and hope that if you haven't already tried our service you will do so this year. May we meet again in Florida in 1960.

Sincerely,
C. G. & Louise Simon
